A particularly significant model in GSX-R history, the 1993 Suzuki GSX-R750WP is part of the first generation of water-cooled GSX-R750s, following the introduction of the water-cooled WN in 1992. The WP brought further development to Suzuki's new 749cc DOHC 16-valve engine, including revised internal components and a compact design with a low-mounted crankshaft…
